CREEKSIDE ROBOTICS

SPONSORSHIP PACKAGE

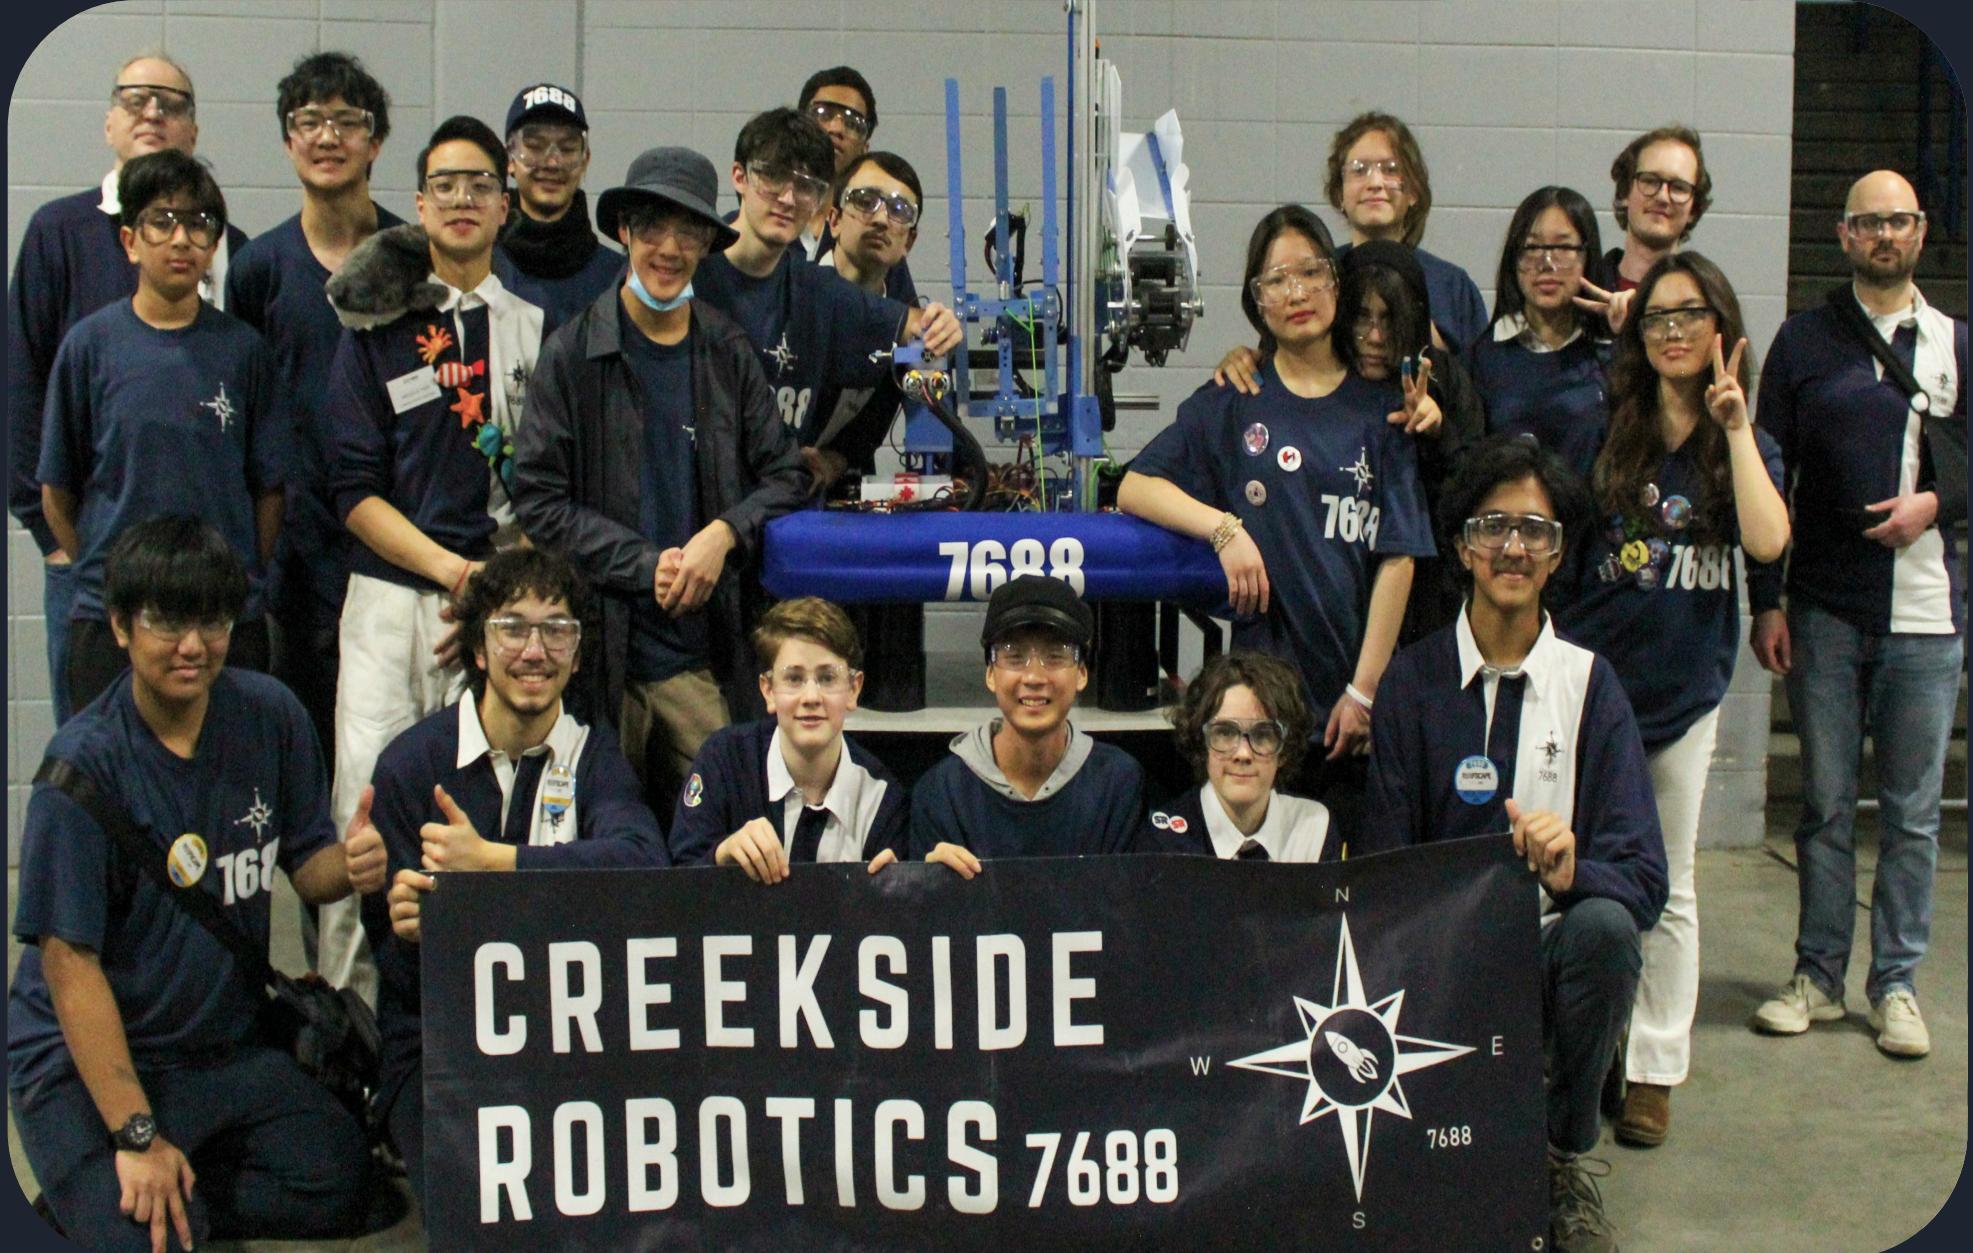

FRC Team 7688 Creekside Robotics

THE TEAM

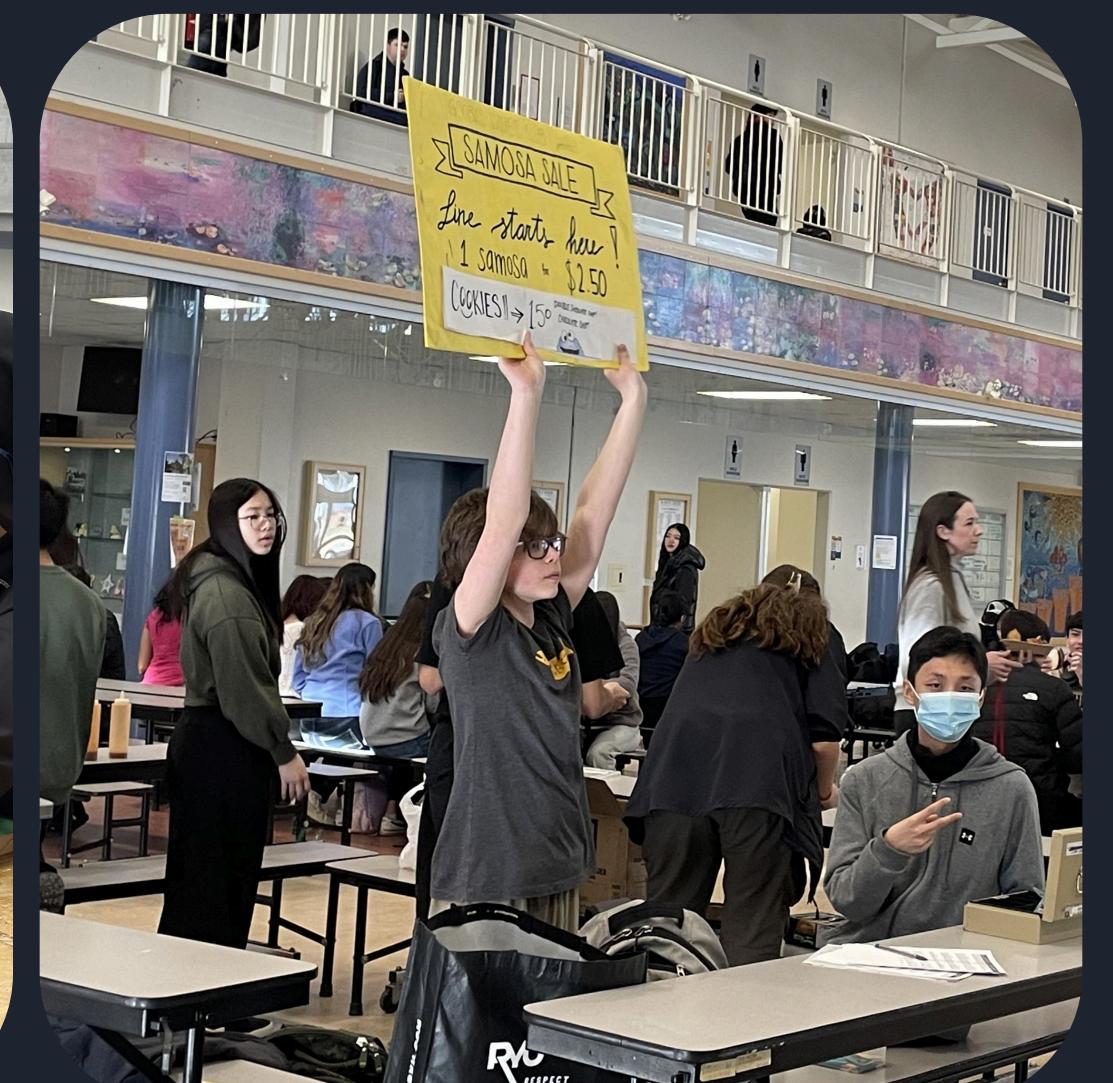

About Us

Founded in 2018, Team 7688 Creekside Robotics is a student-run high school robotics team from Byrne Creek Community School in Burnaby, BC.

Our Mission

We are here to help Byrne Creek students explore and apply areas of STEM through the **FIRST** Robotics Competition.

• ABOUT FRC

WHAT WE DO

“The Ultimate Sport for the Mind”

The **FIRST Robotics Competition** is high school engineering at the highest level. Students collaborate in teams and independently engage in fundraising, design, building, and programming a complex robot in just 8 weeks to compete in a themed game with teams around the world. We compete every year at the Canadian Pacific Regional and in 2025 we placed 14th of 50 teams and ranked 2nd in British Columbia.

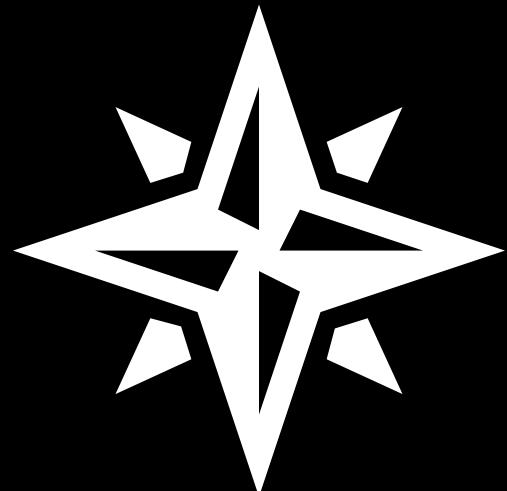

INVEST IN THE FUTURE

HELP THE WORKFORCE OF TOMORROW

Both monetary and in-kind (goods & services) donations are welcome!
All sponsors receive an invitation to our end of year open house.
